№ 00144

CERTIFICATE OF CONFORMITY

Issue 1. QMS certified since February 2021
is given to **Zavod (Plant) TECHNOPLEX Limited Liability Company**
(OOO Zavod TECHNOPLEX)

21 Eastern Industrial Hub district, Ryazan Oblast, Ryazan 390000, Russia

THIS CERTIFICATE CERTIFIES THAT:

Quality Management System

as applied development, design, production and delivery of heat-insulating boards, sound-insulating boards (slabs) and other building materials based on extruded polystyrene foam TECHNOLIKOL XPS and other building materials based on extruded polystyrene foam

COMPLIES WITH THE REQUIREMENTS OF

ГОСТ Р ИСО 9001-2015 (ISO 9001:2015)

Registration number POCC RU.CT11.И00074

Date of registration 06.02.2023

It is valid till 06.02.2026

**Deputy Head of the Body
for Management systems certification**

Audit team leader

Development, design, production and delivery of heat-insulating boards, sound-insulating boards (slabs) and other building materials based on extruded polystyrene foam TECHNONIKOL XPS and other building materials based on extruded polystyrene foam

ООО Zavod TECHNOPLEX (TECHNOPLEX Plant LLC),

Including production sites at the addresses:

1. Subsidiary of Zavod TECHNOPLEX, 21 letter 3, Eastern Industrial Hub, Ryazan, Ryazan Oblast 390000, Russia – development, design, production and delivery of heat-insulating boards, sound-insulating boards (slabs) and other building materials based on extruded polystyrene foam TECHNONIKOL XPS;
2. Subsidiary of Zavod TECHNOPLEX, 1 ul. Krovelnaya (Krovelnaya St.), the town of Uchaly, Republic of Bashkortstan 453700, Russia - development, design, production and delivery of heat-insulating boards, sound-insulating boards (slabs) and other building materials based on extruded polystyrene foam TECHNONIKOL XPS;
3. Subsidiary of Zavod TECHNOPLEX, 3 ul. Moskovskaya (Moskovskaya St.), the town of Mineralnye Vody, settlement Andzhiyevskiy, Mineralovodskiy district, Stavropol Territory 357217, Russia - development, design, production and delivery of heat-insulating boards, sound-insulating boards (slabs) and other building materials based on extruded polystyrene foam TECHNONIKOL XPS;
4. Subsidiary of Zavod TECHNOPLEX, 8 Prospekt 60-letiya Oktyabrya, Khabarovsk, Khabarovsk Territory, 680015, Russia - development, design, production and delivery of heat-insulating boards, sound-insulating boards (slabs) and other building materials based on extruded polystyrene foam TECHNONIKOL XPS;
5. Subsidiary of Zavod TECHNOPLEX, 1 ul. 1-ya Zheleznodorozhnaya (1st Zheleznodorozhnaya St.), the town of Yurga, Kemerovo Oblast 652050, Russia - development, design, production and delivery of heat-insulating boards, sound-insulating boards (slabs) and other building materials based on extruded polystyrene foam TECHNONIKOL XPS;
6. Subsidiary of Zavod TECHNOPLEX, 11 2-iy Vertikalniy proyezd (2nd Vertikalniy passage), Annolovo village, the town of Pushkin, Tosnenskiy district, Leningrad Oblast 187046, Russia - development, design, production and delivery of heat-insulating boards, sound-insulating boards (slabs) and other building materials based on extruded polystyrene foam TECHNONIKOL XPS;
7. Zavod TECHNONIKOL-Ulyanovsk (TECHNONIKOL-Ulyanovsk Plant LLC), №5и (ts), proyezd Promyshlenniy (Industrial passage), the town of Novoulyanovsk, Ulyanovsk Oblast 433300, Russia - development, design, production and delivery of heat-insulating boards, sound-insulating boards (slabs) and other building materials based on extruded polystyrene foam TECHNONIKOL XPS;
8. IOOO Krovelniy zavod TECHNONIKOL (TECHNONIKOL Roofing Plant Foreign LLC) 11, room 19, ul. Chapayeva (Chapayev St.), the town of Osipovichi, Mogilev Oblast 213760, Republic of Belarus - development, design, production and delivery of heat-insulating boards, sound-insulating boards (slabs) and other building materials based on extruded polystyrene foam TECHNONIKOL XPS.
9. Subsidiary of Zavod TECHNOPLEX, Revda, room 12, p. 11, Nakhimov str., 1, Revda, Sverdlovsk region, 623284, Russia, - development, design, production and delivery of heat-insulating boards, sound-insulating boards (slabs) and other building materials based on extruded polystyrene foam.
